

Wilbur chair - swivel base **forma**

The Wilbur chair with a steel swivel leg base is one to curl up on. The stunning steel swivel leg base has 360 degree swivel to maximise every aspect of your home.

The back features vertical quilting with piping detail that adds the finishing touch to both the frame and cushions.

The Wilbur chair with steel swivel leg base, has a foam seat cushion that is tetron wrapped and a luxurious back cushion that has a foam core with feather duvet wrap.

Shown here in [James Dunlop Alpine - Merino](#)

Proudly **designed and made in New Zealand.**

Made to order in our New Zealand factory in the **fabric of your choice.**
